Karin Herzog

We are pleased to introduce you an exclusive line of Swiss cosmetics Karin Herzog Oxygen, which has been developed by well-known researchers on the bases of multiple studies. Karin Herzog cosmetics work on the principle of oxygen reaching the skin, reaching the deepest layers. It is clinically proven, that Karin Herzog's cosmetics products exclusively help to increase oxygen levels in the skin, which improves skin cell formation under the influence of nature. As a result, the surface of the skin looks younger. This medically proven and patented scientific process is known throughout the world. It is used in plastic surgery and beauty salons to safely restore and activate the functions of the skin.

Facial treatment

Total relax anti-wrinkle facial treatment 90 min. **80 €**

Treatment begins by placing warm stones under the back, hands and feet which helps the body totally relax. The aim of the care is to improve the oxygenation of skin cells and circulation. The energy points of the body will be stimulated by the hot and cold stones to enhance the effect of the products and allow a full relaxation. The result is a bright and strained skin and wrinkles are reduced.

Anti-age facial treatment 90 min. **75 €**

Anti-aging treatment which due to the interaction between oxygen and vitamins, ensures a fresh complexion. Products that are used in treatments include 3% active oxygen and vitamin E. Treatment consists of two facial masks, the first one is strong anti-aging mask and second is with lifting effect. As a result of this treatment the skin is thoroughly moistened, the complexion is bright and wrinkles are subsided. Effect of the treatment maintains for several days.

Delicious chocolate facial treatment 90 min. **70 €**

Do you love chocolate? Then this relaxing anti-stress care, which nourishes the skin with Swiss chocolate, is designed just for you! The treatment begins with a gentle facial cleaning and peeling. Followed by a chocolate mask and massage. All products of the care containing 2% active oxygen and essential vitamins D and C, calcium, magnesium and potassium. Treatment tightens the skin, moisturises and gives vitality. Complexion becomes bright, your skin is visually more beautiful. This treatment will give you sufficient dose of chocolate, but it doesn't impact your figure.

Body treatment

Slimming and toning body treatment 90 min. **110 €**

Effective slimming care, which improves skin tone and helps you lose centimeters. Treatment begins by placing hot stones at the downside of your back, hands and feet which helps the body feel totally relaxed. Oxygen-care products can penetrate deep into the skin tissue and simulate effective areas where the skin is uneven, with no visible cellulite. Care improves skin blood flow, and activates the metabolism.
